**MHF WINS 2009 CSX CHEMICAL SAFETY EXCELLENCE AWARD
—Award Recognizes Companies for Rail Car Maintenance and Safety—**

PITTSBURGH, PA (April 5, 2010)—MHF Services (MHF), a leading provider of packaging, transportation, logistics and technical services, was a winner of the 2009 CSX Transportation (CSXT) Chemical Safety Excellence Award. The award is given by CSXT to companies for their commitment to rail car maintenance and safety.

To be eligible for the award, a company must ship 600 or more rail cars per year on CSXT and have no non-accidental releases during the entire year.

Robert C. Woodburn, Manager of Operations, and Patrick Alcorn, Business Development Manager for Hazardous/Non-Hazardous Materials, accepted the award on behalf of MHF at a ceremony held March 17 in Baltimore, MD.

MHF Business Development Manager Patrick Alcorn, (far left) and Operations Manager Robert Woodburn (third from left) accept the CSXT safety award from Skip Elliot, CSXT VP of Public Safety & Environment; Clarence Gooden, CSXT Executive VP & Chief Commercial Officer; and Dean Piacente, CSXT VP of Chemicals & Fertilizer.

Woodburn said, "We are honored to be recognized for our ongoing commitment to safety. This award is a testament to the success of our thorough rail car inspection processes and operational experience transporting hazardous materials."

Alcorn added, "This award reflects the fact that MHF provides not only logistical services supported by strong quality programs but also packaging systems that are fully compliant with DOT regulations for hazardous transport."

About MHF Services

MHF Services (www.mhfservices.com) is an integrated packaging, transportation and logistics provider offering seamless solutions for generators and shippers of radioactive, hazardous, and non-hazardous waste, materials, and byproducts. MHF provides transportation and logistics solutions to U.S. Department of Energy contractors, and companies in the nuclear utilities, environmental services, energy, mining, metals, chemical, and petrochemical industries.
