MHF Relocates Southeast Regional Office
—New Space Accommodates Staff Expansion—

WEXFORD, PA (September 12, 2011)—MHF Services, a leading provider of packaging, transportation, logistics and technical services for the radioactive and hazardous markets, recently relocated its Southeast Regional office in order to accommodate an expansion in staff. The new office address is 473 Oak Ridge Turnpike, Oak Ridge, TN 37830. The phone number remains 865.220.0102.

The Oak Ridge, TN office manages the company's departments for Sales and Marketing and Employee Safety & Health/Quality Assurance and well as providing operational support to local customers.

MHF Services, whose corporate office is in the Wexford suburb of Pittsburgh, PA, first established a Southeast Regional office in 1999. Scott Dempsey, MHF Vice President and Director of Sales and Marketing, who is based in the Oak Ridge office, said, "It is important for MHF to maintain a presence here to serve the Department of Energy and its prime contractors who operate in this area. Our move and expansion demonstrates our ongoing commitment to Oak Ridge."

MHF has many longtime clients in the Southeast region, including several Department of Energy prime contractors. MHF also has longstanding working relationships with the local radioactive waste processing companies.

About MHF Services

MHF Services (www.mhfservices.com) is an integrated packaging, transportation and logistics provider offering seamless solutions for generators and shippers of radioactive, hazardous, and non-hazardous waste, materials, and byproducts. MHF provides transportation and logistics solutions to U.S. Department of Energy contractors, and companies in the nuclear utilities, environmental services, energy, mining, metals, chemical, and petrochemical industries.
